All assets downloaded on March 27, 2023

State outlines downloaded from:
https://gisgeography.com/state-outlines-blank-maps-united-states/

Individual links as:

https://gisgeography.com/wp-content/uploads/2020/03/FILENAME

Where FILENAME is the name of the file as given below:

Original Filenames State Outlines (all 50 states): "STATENAME-Outline-Map.jpg"

Where STATENAME is the respective name for each state, first letter capitalized e.g. "Oklahoma".
State names with spaces like "New Mexico" were hyphenated as: "New-Mexico"

State flags downloaded from:
https://en.wikipedia.org/wiki/File:Flag_of_STATENAME.svg

Where STATENAME is the respective name for each state in both the URL and filename, first letter capitalized.
State names with spaces like "New Mexico" were as-is in the filename and underscored in the URL, e.g. "New_Mexico"

Original Filenames State Flags (all 50 states except Georgia):
"Flag_of_STATENAME.svg.png"

Where STATENAME is the respective name for each state in both the URL and filename, first letter capitalized.
State names with spaces like "New Mexico" were as-is in the filename and underscored in the URL, e.g. "New_Mexico"

**For Georgia, replace STATENAME with "Georgia (U.S. state)" in the filename and "Georgia_(U.S._state)" in the URL

AuthorName is given as the editing user under file history as of the download date.
